BAYONET CUPS FOR SUCTION SPRAY GUNS

Mod. **9010 HVLP**

- 1000 cc anodized aluminium suction cup with cover
- 1000 cc anodized aluminium suction cup only

REF.

51009
2010056818322
23 Mod. **9010 - IM - PRIMA - UR PLUS**

- 1000 cc polished aluminium suction cup with cover
- 1000 cc polished aluminium suction cup only
- Set of 5 pieces of gaskets for bayonet cup

REF.

51020
20100568083

90120

STAINLESS STEEL BAYONET CUPS

Mod. **9010 ECOMIX - G1 - G1/T**

- 1000 cc cup with cover
- 1000 cc cup only
- Set of 5 pieces of gaskets for stainless steel bayonet cup

REF.

51030
1011094

90132

SCREW CUPS

Mod. **FLASH**

- 1000 cc cup only

REF.

Z023017

Mod. **BP**

- 1000 cc cup only
- Set of 5 pieces of gaskets for screw cup

REF.

PRESSURIZED GRAVITY CUPS FOR HIGH-DENSITY PRODUCTS

Mod. 9011 HD	<ul style="list-style-type: none"> • 680 cc nylon pressurized gravity cup complete with air flow regulator with manometer. For high density products like: latex, polyurethanes, gel coat, thixotropic products etc • 1000 cc aluminium pressurized gravity cup 	REF. 52054 52053
---------------------	---	-------------------------------

CUPS FOR AIR BRUSH

Mod. GRAPHIQUE	<ul style="list-style-type: none"> • 20 cc glass suction cup • 4 cc anodized aluminium gravity cup 	REF. 52039 51040
-----------------------	--	-------------------------------

PAINTING ACCESSORIES

A full range of accessories for painting, essential to guarantee a high quality job.

Includes flow regulators, CAPTEST and all types of filters for the different features of the spray guns. To complete this section we offer masks for painting, essential for the user's health, and a new handy spray gun supporter.

AIR FLOW REGULATOR

- Air flow regulator with manometer glass and metal case to be fitted at the air inlet of the spray gun.
- **Manometer:** scale 0-10 Bar/0-140 PSI
- **Air inlet:** 1/4" U compatible with several 1/4" standards

REF.			
90105	1 pcs.	150 gr.	

AIR FLOW REGULATOR

- Air flow regulator to be fitted at the inlet of the spray gun.
- **Air inlet:** 1/4" U compatible with several 1/4" standards

REF.			
90106	1 pcs.	75 gr.	

24
25

CAPTEST

- Captest for 9010-9011 HVLV spray guns. Cap with manometer attached so as to verify the effective air pressure at the air cap outlet.
- **Manometer:** scale 0-2,5 Bar/0-35 PSI
- **ø nozzle:** 1,0 - 1,3 - 1,5 - 1,7 - 1,9 - 2,2 - 2,5

REF.*			
90124**	1 pcs.	300 gr.	

FILTER

- 100-mesh complete filter for pressure fed spray guns.

REF.			
60097	1 pcs.	50 gr.	F/M 3/8"
60098	1 pcs.	50 gr.	F/M 1/4"

- 100-mesh spare filter for Ref. 60097

REF.			
412012	5 pcs.	25 gr.	

*Add nozzle ø to the REF.

FILTER

- Steam trap filter with filter component and steam release valve to be fitted at the inlet of the spray gun.

REF.			
90111	1 pcs.	100 gr.	

FILTER

- 2000-mesh stainless steel paint filter to be attached to the suction pipe of spray guns with suction cups.

REF.			
90112	10 pcs.	50 gr.	

FILTER

- Nylon paint filter to be attached to the suction pipe of spray guns with suction cups.
- Specify mesh number: 5000 - 7000 - 10000

REF.			
90113	10 pcs.	65 gr.	

FILTER

- 2000-mesh nylon paint filter to be inserted in the gravity cup.

REF.			
90114/A	10 pcs.	40 gr.	

SIEVE

- Nylon sieve for paint.
- Specify mesh number: 2000 - 5000 - 7000 - 10000 - 15000 - 17000

REF.			
90115	10 pcs.	300 gr.	

VISCOSIMETER

- "FORD 4" viscosimeter cup for testing paint density.

REF.			
90116	3 pcs.	270 gr.	

SUPPORTER

- Magnetic holder for spray guns with gravity cups. It also can be fixed on non-ferrous surfaces with the supplied screws.
- Features: painted steel
- Dimensions (mm): 200x232x145

REF.			
60130/A	1 pcs.	1500 gr.	

PROTECTIVE MASK

- Protective mask consisting of:
 - Visored helmet with internal ventilation
 - Regulator for air inside the mask
 - Polyurethane hose to be attached to the spray gun
- Filtering kit with carbon filters
- Belt
- 5 spare adhesive visor cover
- Meet EEC standards, 89/686/EEC directive

REF.			
50400	1 pcs.	1200 gr.	

PROTECTIVE MASK

- Protective mask consisting of:
 - Safety air reducer
 - Filtering kit with carbon filters
 - Belt
- Polyurethane hose to be attached to the spray gun
- Meet EEC standards, 89/686/EEC directive

REF.			
50405	1 pcs.	950 gr.	

26
27

PROTECTIVE MASK

- Protective mask with 2 active carbon filters.
- Meet EEC standards, 89/686/EEC directive

REF.			
50410	1 pcs.	320 gr.	

- Spare filter for ref. 50410

REF.			
50411	1 pcs.	100 gr.	

PROTECTIVE MASK

- Protective mask with 1 active carbon filter.
- Meet EEC standards, 89/686/EEC directive

REF.			
50416	1 pcs.	280 gr.	

- Spare filter for ref. 50416

REF.			
50417	1 pcs.	100 gr.
