STANDARD

JUNIOR MASTER PROFESSIONAL

A complete range of universal couplings (X300U) and non-universal ones (X100S / X90), of steel plugs with all the most wide spread world standards, as well as connections, fittings, needle line taps and automatic fittings in brass.

FILTERS

FILTER REGULATOR LUBRICATOR

IT ASSOCIATES THE CHARACTERISTICS OF THE FILTER, THE REGULATOR AND THOSE OF THE LUBRICATOR.

REF. 6116_

PRESSURE REGULATOR

WITH LOCKABLE KNOB RELIEVING MAX INLET PRESSURE: 16 BAR.

REF. 6111_

FILTER REGULATOR

WITH LOCKABLE KNOB RELIEVING FILTERING ELEMENT WITH 20 MICRON POROSITY MAX INLET PRESSURE: 16 BAR.

REF. 6113_

FILTER REGULATOR WITH LUBRICATOR

IT ASSOCIATES THE CHARACTERISTICS OF THE FILTER, REGULATOR WITH THOSE OF THE LUBRICATOR.

REF. 6115_

PRESSURE REGULATOR

WITH FILTERING ELEMENT WITH 20 MICRON POROSITY MAX INLET PRESSURE: 16 BAR.

REF. 6112_

COALESCENT MICROFILTER

FOR FILTERING EVEN OIL PARTICLES.

REF. 6120_

LUBRICATOR

IT WORKS WITH OIL FOGGING PROPORTIONAL SYSTEM. MAX INLET PRESSURE: 16 BAR.

REF. 6114_

Ideal for use in bodyshops, mechanical garages and wherever there is need for "treated" air. From simple regulators, filters or lubricators to filter groups for pneumatic installations (filter+lubricator) or spray installations (filter+coalescent microfilter). AVAILABLE IN THE FOLLOWING SIZES 1/4" - 3/8" - 1/2".

WALMEC S.p.A. PRODUCTION PLANT Viale della Vittoria - 24054 CALCIO (BG) ITALY

BORN from TRADITION

The widest **RANGE OF PRODUCTS** for the professional and non-professional

SPRAY GUNS

Asturomec®: strength through diversity

The Asturomec® range of products is designed to cater for a wide range of different customers and their consequently extensive needs; spray guns, blowguns, fittings, pressurized containers, various accessories and a complete range of compressed air guns. Serving both the professional and the home craftsman.

Asturomec®: strength through quality

Only top quality raw materials are used in an Asturomec® product, and all the component production is carried out internally using highly sophisticated numerical control machinery which guarantees constant total quality. Each spray gun undergoes a strict and scrupulous final inspection by highly trained staff.

Asturomec®: strength through customer orientation

Every customer is a stakeholder in our company. That is why the quality of service is just as important as the cost of the product. The continual emphasis on customer care and the ongoing investments in the aftersales service concept, central to the Walmec® S.p.A. philosophy, means that the company is focused to the customers' needs and strives for competitiveness through enhanced value of its product mix.

Asturomec®: strength through experience

Over 50 years of experience of the highest standard. Already firmly established in the global market as a quality product at a competitive price Asturomec® draws on its matured knowledge coupled with its innovative tradition to stay on the cutting edge.

REF. 50123

PROFESSIONAL INFLATING GUN IN BRASS MANOMETER diam. 80 mm.

REF. 50140

PG/S CEE/OM

REF. 50123

INFLATING GUN IN NYLON EEC APPROVED MANOMETER diam. 63 mm EEC APPROVED.

REF. 50108/O

PG/S

REF. 50123

INFLATING GUN IN NYLON MANOMETER diam. 63 mm.

REF. 50106

CP

PRESSURE MANOMETER FOR CHECKING PRESSURE diam. 63 mm double scale Bar/Psi single scale Bar.

REF. 50120 - 50120/BAR

Every inflating gun is fitted with a **PRESSURE-GAUGE-PROTECTING SAFETY VALVE**. Which impedes needle oscillations in the manometer during use, isolating the needle from the air flow during the inflating stage, which gives major precision and longer product life. All work with a single lever operation using a double action pressure filling and release lever.

INFLATING GUNS

SANDBLASTING GUNS

PS

SANDBLASTING GUN SUITABLE FOR WORK ON LARGE SURFACES WITH 2 mt SUCTION PIPE
- SAND NOZZLE IN SUPER-TOUGH CASEHARDENED STEEL STANDARD
- SAND NOZZLE IN TUNGSTEN CARBIDE BY REQUEST.

REF. 50210

PS/I

SANDBLASTING GUN SUITABLE FOR WORK ON MEDIUM SURFACES WITH 3 mt SUCTION PIPE
- STANDARD SAND NOZZLE IN SUPER-TOUGH CASEHARDENED STEEL
- SAND NOZZLE IN TUNGSTEN CARBIDE: ON REQUEST ONLY.

REF. 50314

PS/S

SANDBLASTING GUN SUITABLE FOR WORK ON LARGE SURFACES
- STANDARD SAND NOZZLE IN SUPER-TOUGH CASEHARDENED STEEL
- SAND NOZZLE IN TUNGSTEN CARBIDE: ON REQUEST ONLY.

REF. 50212

PS/IS

SANDBLASTING GUN SUITABLE FOR WORK ON MEDIUM SURFACES
- STANDARD SAND NOZZLE IN SUPER-TOUGH CASEHARDENED STEEL
- SAND NOZZLE IN TUNGSTEN CARBIDE: ON REQUEST ONLY.

REF. 50316

SUPERMISTRAL

SANDBLASTING GUN SUITABLE FOR WORK ON SMALL SURFACES AND FITTED WITH AUTOMATIC SAND RECOVERY SYSTEM.

REF. 50300

Ideal for all tasks which involve cleaning, scraping, removing rust, paint, mold or stubborn dirt, preparing materials such as wood, steel, aluminium, plastic, etc... Used in numerous sectors: bodyshops, industry and carpentry.

BLOW GUN IN ALUMINIUM.

REF. 50047

PROFI

VERSION WITH FLEXIBLE COPPER BARREL.

REF. 50004

PROFI

VERSION WITH SAFETY NOZZLE IN COMPLIANCE WITH OSHA (USA) STANDARDS.

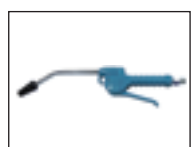

REF. 50009

PA/4 NT

BLOW GUN IN CLEAR NYLON.

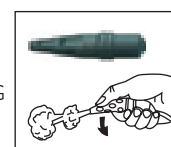

REF. 50071

PROFI

VERSION WITH NON-SCRATCHING RUBBER TIP.

REF. 50003

SOFT

BLOW GUN OF MINIMAL SIZE.

REF. 50020

PA/4 NT SICURA

BLOW GUN WITH "SICURA" SAFETY NOZZLE.

REF. 50070

Designed for professional use and divided in 3 groups according to use: PROFI - PA/4 - SOFT. All families are equipped with a FLOW DELIVERY VALVE which allows the flow rate to be controlled smoothly and gradually, thus saving energy.

N4/S

PROFESSIONAL WASHING GUN SUITABLE FOR EVERY USE. BARREL IN NICKEL PLATED BRASS - 20 cm.

REF. 50172

N4

WASHING GUN SUITABLE FOR EVERY USE. BARREL 20 cm.

REF. 50173

N4/S SUPER

PROFESSIONAL WASHING GUN SUITABLE FOR EVERY USE. BARREL IN NICKEL PLATED BRASS - 30 cm.

REF. 50171

Guns designed specifically for washing, lubrication, degreasing, spraying, disinfecting and decontaminating in multiple sectors: from workshops to industry, from construction and boatyards to agriculture, garages, bodyshops and D.I.Y.

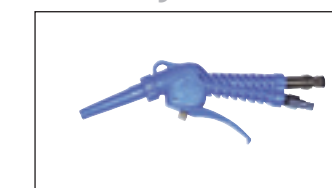

LA

GUN FOR MIXING LIQUID WITH COMPRESSED AIR.

REF. 50165

HYDROJET

GUN FOR MIXING LIQUID WITH COMPRESSED AIR.

REF. 50160

EOLO

VACUUM CLEANER.

REF. 50150

Multifunctional product particularly suitable for cleaning inside motor vehicles and therefore ideal for garages, bodyshops and D.I.Y. compact dimensions, light weight and easy to handle.

EOLO KIT

ACCESSORY KIT FOR EOLO.

REF. 50155

VACUUM CLEANER

IM BODY

GUN FOR APPLYING SOUNDPROOFING PROTECTIVE COMPOUNDS TO UNDERBODIES, SINGLE-COMPONENT PRODUCTS AND PROTECTIVE WAXES.

REF. 50242
